

AIR SAILING RV PARK & TENT CAMPING RULES AND POLICIES

1. The Air Sailing RV Park and tent camping areas are for the sole use of glider pilots, crew, family and gliderport-related activity. Management reserves the right to request that any vehicle or tent not meeting the intent of the site be removed and the right to have it removed at the owner's expense.
2. Self-contained motor-homes, fifth-wheels, travel trailers and tents only please. Please park in designated areas. A two-car maximum is allowed per RV space. Only holders of a valid driver's license are permitted to operate a vehicle of any kind. See the ASI Operating Rules and Polices for use of golf carts.
3. RV spaces are assigned. **It is imperative that no person occupies a space other than the person to whom the space is assigned.** See the Air Sailing Website at www.airsailing.org for reservation requests and assignments. If you find your space occupied upon your arrival, **do not occupy another space**; rather, temporarily place your RV in the overflow area to the south-east of space 25.
4. Tent camping is allowed within the Memorial Grove. No tent camping reservations or assignments are necessary.
5. Washoe County **regulations do not allow the storage of RVs at the Gliderport** and the **maximum continuous stay is 60 days**. After 60 days, RVs must be removed from the property for at least 24 hours. RV campers must register at the clubhouse upon arrival. Please sign the guest log with arrival & departure dates and indicate the space number you have been assigned. This log is required to substantiate your compliance with the 60-day maximum stay rule. Maximum occupancy per RV space is 6 persons.
6. We provide **NO** electrical, gray water or sewage hookups. Gray water **MAY NOT** be drained at a camp site. **The use of electrical cords to supply power to RVs with electricity from the clubhouse or bathhouse is STRICTLY PROHIBITED.** Extension cords may be unplugged by management at any time as required for facility operations. This is primitive camping at its best.
7. Only two pets are allowed per RV space. All pets must be under control of their owners at all times and messes must be cleaned up by their owners. Pets are the exclusive responsibility of their owners. Disruptive pets will not be allowed.
8. **Quiet hours are from 10 PM until 9 AM.** No portable generator operations during this period. Please be considerate of your neighbors.
9. Open campfires are strictly prohibited. Propane grills and picnic tables are provided at the gazebo near the clubhouse. These facilities are shared; please use them only at the gazebo.
10. The gliderport uses a septic system. Please be mindful of excessive toilet paper use so our system doesn't become clogged. It is very important that nothing goes into the toilet (other than toilet paper) that didn't first go through your body.
11. Do not dispose of garbage in clubhouse or bathhouse containers; use the outside garbage bins located near the RV Park entrance. Recyclable items should be sorted into containers provided. Please pick up any trash you see and help keep our gliderport clean.
12. Turn off lights and fans when leaving the bathhouse (we make our own electricity!). Please keep the clubhouse and bathhouse doors closed (keeps rattlesnakes out!).
13. Laundry facilities are available in the bathhouse 24-hours daily. If you choose to use your own clothesline, do not tie it to the trees, and remove it when you leave.
14. The clubhouse is a shared facility. The kitchen sink and dry rack is for your use, but please store all your items back at your campsite. There is very limited space in the refrigerator to be shared by all visitors and please remove all your items at the end of your stay. The refrigerator may be cleaned on short notice. Please label and date your items. Management reserves the right to throw away any item in the refrigerator at any time.
15. This is an active airport with associated hazards. **Please read the ASI Operating Rules and Policies available in the clubhouse for more information on gliderport operations and safety.**
16. Valuable objects should be stored away. Management is not responsible for personal property.
17. The **speed limit of 5 miles per hour** will be enforced within the entire gliderport, RV Park and tent camping areas.
18. No discharge of firearms or fireworks will be allowed.
19. Rules and policies may be changed at any time without prior notice.
