

Air Sailing Spring 2019 Family Reunion Our 51st Year !!!
Saturday April 27th

ASI Mandatory Annual Safety Brief offered the next day, Sunday morning the 28th.

In 1969, then SSA Pres Bernald Smith and SSA Legal Council/Nevada Soaring Association Founding member [the late] Chuck Glattley hiked the barren grounds of Warm Springs Valley spotting and noting survey markers for what would become - US! This rather inauspicious beginning has led to this time and place, Air Sailing, Incorporated!

Soaring Family, Imagine, if you will, that none of us ever volunteered at our World Class Gliderport – by the way – the envy of the International soaring world. Our beautiful home exists solely because we (that would be YOU!) choose to make it so. We continue a progress which astounds the business world BECAUSE we are so successful as a completely volunteer organization.

Soooo...Thank goodness it is FINALLY time for us to meet, shake hands, enjoy that wonderful mid-day meal and the unique fellowship that is ASI, all of us! Please plan to come and experience the world class friendships and camaraderie, meet NEW family members, along with the best FREE luncheon/picnic of the spring, possibly the whole year.

Volunteer and Project Rambler Cindy Donovan (a member of the Libelle Mafia) is evolving our "to do" lists and they will be ready by Reunion time. None of this diminishes our normal, annual "keep it going" efforts that we do so well- there is appropriate work for every age and ability. The simplest job is important. The place is Buzzin' with all kinds of help, students of all varieties, family members, both, flying and non-flying, folks even fly in for the day/weekend because it is such a grand and, most meaningful event. Please plan NOW, to come join us on this most collegially fun day. If you miss it, it will be a loss for all of us. Remember, the World Class Lunch is FREE!
