

Air Sailing Gliderport Flight Safety Briefers Guide

All pilots flying at Air Sailing Gliderport must receive a safety briefing before their first flight of the season (briefing is good for 12 months). A group annual safety briefing is presented early in the soaring season or a personal safety briefing may be given by any of the titled individuals listed below. A partial list of named individuals is also provided. Gliderport-experienced pilots who would like to volunteer to be briefers should contact the Safety Officer.
