

## Air Sailing 2017 Fall Frolic (and Cleanup)

Soaring Family, as we contemplate leaves turning to gold, I am reminded that it is also time to lightly touch up our world class Glider Port for Fall and Winter. Burning Person is over, the rains have come and gone, we have a new paint job on the Hanger so, now is perfect chance to do some nice but needed detailing to keep NV23 the knock out, envy of the soaring world, that it is.

Our Family Reunions are SO much fun, families and friends jumping in and making the field and grounds so nice for a season of great soaring – which we have had and continue to have; come help us continue to carry that delightful relationship and sense of well earned personal pride through to next year with our annual Fall Frolic (and cleanup).

Sunday, SEP 24, 2017 is the day. Why yes, it IS the day after the Air Sailing Annual Banquet on Saturday night, Sept 23!

We will work a little, have a picnic style sandwich lunch for all to enjoy, and leave, feeling fulfilled by our continuing, successful efforts to maintain our world class showpiece gliderport.

Bring your gloves, enthusiasm and appetite! Hope to see everyone there!
