Air Sailing Memorandum

TO: Flight Instructors teaching on behalf of Air Sailing, Inc.
FROM: David Volkmann, Trustee
RE: Professional Liability Endorsement
DATE: Thursday, April 8, 2015
ATTACHED: New Professional Liability Enhancement Available for your Instructors

DRV

Air Sailing, Inc. (ASI) has bound a Ground & Flight Instruction Endorsement (aka professional liability insurance) to its Aviation Commercial General Liability insurance policy (aka premises liability insurance or hangar-keepers insurance) for the benefit of ASI and certified instructors instructing on behalf of ASI (e.g., instructing students in an ASI-managed scholarship program). This insurance can help protect our organization and our certified instructors should there be a claim for negligent instruction arising from an accident that occurred during the policy period which resulted in bodily injury and/or property damage.

This insurance does not help protect certified instructors not instructing on behalf of Air Sailing (e.g., instructing persons in a non-ASI-managed scholarship program; instructing members of NSA). Unless their instruction is solely on behalf of ASI, certified instructors should obtain their own professional liability insurance. See the attached announcement for details.

Thank you for your continued support of Air Sailing and the Jim “Billy Goat” Hayes Memorial Scholarship Program. See you at the Gliderport!
